

# **KAIROS HOMESCHOOL ACADEMY: NON-ACAD SUBJECTS**

## **Non-Academic Subject Requirements**

Each student must focus upon a specific skill or area of expertise for each subject, each quarter. The student must then engage in the chosen activity a minimum of 30 minutes each week.

Non-academic requirements may be fulfilled through in-house classes at Kairos, through separate entities, or at home. If a student uses the latter two means, the grading sheet must be given to his instructor at the beginning of each quarter and submitted to Kairos by the end.

If the instructor and chosen skill is not from the Kairos center, please ensure that the skill falls in line with the needs of that particular subject [e.g. guitar class for music but not for P.E.].
